

# OLYMPIC SERIES

*the best of both worlds*

**Catalina Spas™**  
*The World's Finest Spas*

[www.worldsfinestswimspas.co.uk](http://www.worldsfinestswimspas.co.uk)

[www.catalinaspas.co.uk](http://www.catalinaspas.co.uk)

The Catalina Olympic Swimspa and Swimtrainer Series offer the features of a spa, plunge pool and gym all in one beautifully engineered unit. You can enjoy a therapeutic massage to ease away the stress and strains of daily life, take a cool refreshing dip on a hot summer's day or benefit from a workout in your own private aqua gym. It is a fact that swimming / aerobic exercise is one of the best methods of building your body's strength and muscle toning.

Catalina Olympic Series Swimspas and Swimtrainers provide an ideal alternative to a traditional swimming pool, swim in your own home without the installation and running expense of a traditional swimming pool. Dream of your own pool but don't have the space? The Catalina exercise solution start from just under 3.9metres (12.5 feet).

We offer an affordable wide range of Swimspas and Swimtrainers to suit every need utilising the very latest technology with tried and tested components to bring to you the very best power, performance and design.

#### PERFORMANCE

Each Catalina Olympic series is fully programmable to run at your ideal temperature, the Marathon has the advantage of two fully independent heating zones. All models are fitted with 4 independently controlled hi-flo swim jet pumps; this allows not only a very powerful counter current but gives you more bather control, this combined with the specially developed adjustable 3 River swim jets, give a stable and direction controlled swimming current.

#### RUNNING COSTS

We only use High Density Thermal Pane Foam Insulation where the back of shell and the back of the cabinet is covered with a thick layer of high density foam that uses the air in between as an insulator, much like a double glazed window. Each model is also supplied with a UL Listed safety/insulation cover. An option to have the ECO heat pump fitted will cut heating cost by as much as 70%.

#### BESPOKE DESIGN

At Catalina we manufacture all our Swimspas and Swimtrainers giving you the ideal opportunity to customise to your own specification with any of the unique options and accessories.

#### INSTALLATION

The Olympic Series are all totally self contained, the only service they require is a power supply, so providing there is a suitable base they can be installed in less than a day. A great feature of this is if you ever decide to move house you can take it with you unlike a swimming pool.

#### CATALINA SPAS SERVICE & WARRANTY PACKAGES\*

- 10 Years on Shell Structure
- 10 Years on Shell Surface
- 10 Years Equipment

- 2 LED Cabinet Access Lights

### OTHER OPTIONS

- Safety Divider (Relay 16 only)
- SPA-KLE Auto Dosing System

\*Only available when LED Perimeter Lighting option fitted

Thank you for taking time to explore the world of Catalina Spas.

Founded on over forty years of manufacturing experience, Catalina has an unparalleled reputation for quality and reliability. I established Catalina UK over 17 years ago to distribute and provide UK client support. We take great pride in being a family company with three generations involved in the day-to-day business and a support team second to none. We centre our business on honesty, professionalism and service. Over the years we have sold thousands of spas to clients throughout the UK and now have offices in many European countries including France, Spain, Belgium, Denmark, Sweden, Norway, Italy and Portugal to name a few.

When you choose a Catalina you are not just choosing a spa, you are choosing a product developed over years of research and experience. We take great pride in our products and service, they have made Catalina one of the leading international spa and hot tub brands.

**We never forget you have a choice!**

If you should need help or advice, do not hesitate to contact either your local supplier or our office direct.

Stephen Crabb MISPE  
Director

# The World's Finest Swimspas

## Why settle for less?

**Each Catalina Spa comes with Thermo Pane foam insulation and a Deluxe UL Listed insulation/safety cover as standard. All models are available with our Eco Heat System.**
