Catalina Spas is the leader in hot tub design and innovation, and has been for the past 40 years. As the first manufacturer to incorporate Audio Visual systems, multi lighting and automatic dosing systems we specialise in giving you, the customer, exactly what you desire.

Every Catalina Spa is hand built to the highest standards using only the finest materials. Our spas are built to last with features including luxury Mahogany cabinets, Balboa control systems and Ultra-bonded shell construction to ensure you receive years of trouble free enjoyment.

What better place to slip away from day-to-day stress than in the warm embrace of a Catalina Spa.

Select an optional Catalina Spa-Kle system and you will be able to adjust your spa's sanitiser level with the touch of a button, making it the easiest of spas to maintain, currently available.

STANDARD FEATURES

- Thermo-Pane Foam Insulation
- Deluxe UL Listed Insulation/Safety Cover
- Balboa Control Systems
- Corona Discharge Ozone with Mazzei Injecting System

OPTIONAL ENHANCEMENTS

- Catalina Spa-Kle Auto Dosing System
- Mahogany Steps
- Coverlifter

Thank you for taking time to explore the world of Catalina Spas.

Founded on over forty years of manufacturing experience, Catalina has an unparalleled reputation for quality and reliability. I established Catalina UK over 17 years ago to distribute and provide UK client support. We take great pride in being a family company with three generations involved in the day-to-day business and a support team second to none. We centre our business on honesty, professionalism and service. Over the years we have sold thousands of spas to clients throughout the UK and now have offices in many European countries including France, Spain, Belgium, Denmark, Sweden, Norway, Italy and Portugal to name a few.

When you choose a Catalina you are not just choosing a spa, you are choosing a product developed over years of research and experience. We take great pride in our products and service, they have made Catalina one of the leading international spa and hot tub brands.

We never forget you have a choice!

If you should need help or advice, do not hesitate to contact either your local supplier or our office direct.

Stephen Crabb MISPE
Director

The World's Finest Spas Why settle for less?

Each Catalina Classic Series comes with Thermo Pane foam insulation and a Deluxe UL Listed insulation/safety cover. All of our models are available with the Catalina Eco Heat System. This is an air source heat pump that helps save money and the environment as it produces more energy than it uses.

Designs and specifications are subject to change without notice
