

SAFE.
SEAMLESS.
STUNNING.

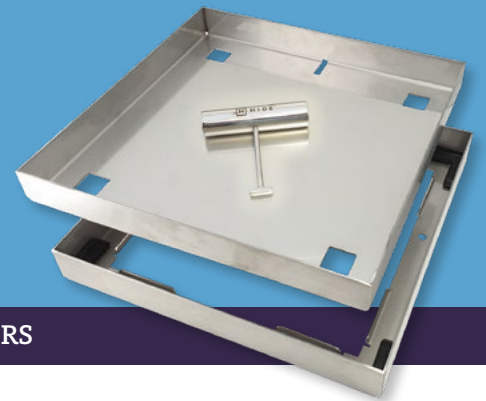

Integrated, seamless covers that blend into your landscape.

The HIDE system incorporates your selected surface material into the lid, enabling it to blend into the landscape, creating a luxurious, uninterrupted outdoor space.

HIDE's innovative lids for skimmer boxes, access points and drain covers provide a sophisticated upmarket finish. Available in a comprehensive range of sizes and depths, to suit a wide range of applications.

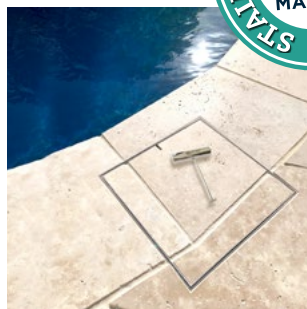

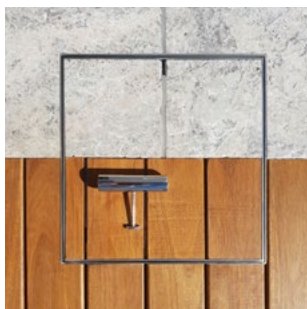

Hidden Skimmer Lids

Good design is obvious.
Great design is invisible!

SKIMMER LIDS | ACCESS COVERS | CONCRETE COVERS | DRAIN COVERS

Attention to detail for a high-end finish!

SKIMMER LIDS

A new breed of hidden cover reinventing the landscape.

Beautifully tiled pools and landscaped courtyards with HIDE covers showcase thoughtful design and innovative construction techniques.

The range of HIDE lids provides a sophisticated, seamless alternative in any location.

ALL-INCLUSIVE KIT

Over 40 sizes to suit most applications

SKIMMER COVERS

ACCESS COVERS

A COVER FOR ALL OCCASIONS

HIDE Access Covers are the perfect choice when concealing service points in outdoor areas, as they blend seamlessly into your selected surface.

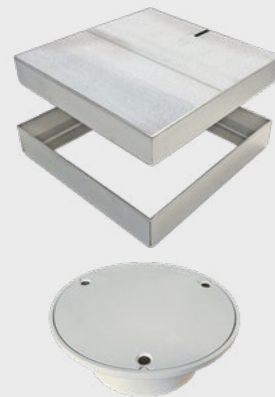

HIDE Access Covers are available in a wide range of sizes and depths.

Access covers conceal entry to all service points:

- IO & Bolted trap screw (BTS)
- Water table pipe
- Water and balance tanks
- Taps and irrigation
- Valves and meters
- Electrical junction box

Discuss HIDE installation at the early stages of your new landscape design.

Specify HIDE for install in pedestrian areas only.

ACCESS COVERS

CONCRETE COVERS

WET-POUR READY

The HIDE Concrete Lid with specially designed Edge Protector, provide the perfect solution for a consistent concrete finish, as the lid is filled and finished at the same time as the pool surrounds.

Pouring at the same time ensures the lid perfectly matches the selected surface finish in texture and colour.

If you are finishing your landscape in decorative concrete, the HIDE Concrete Lid, this is the product for you!

Specify HIDE for install in pedestrian areas only.

CONCRETE COVERS

DRAIN COVERS

HIDE Drain covers allow for your chosen landscape material to seamlessly conceal the drain access by doing away with standard metal or plastic grates.

A HIDE Drain cover will result in a visually appealing and discreet service cover.

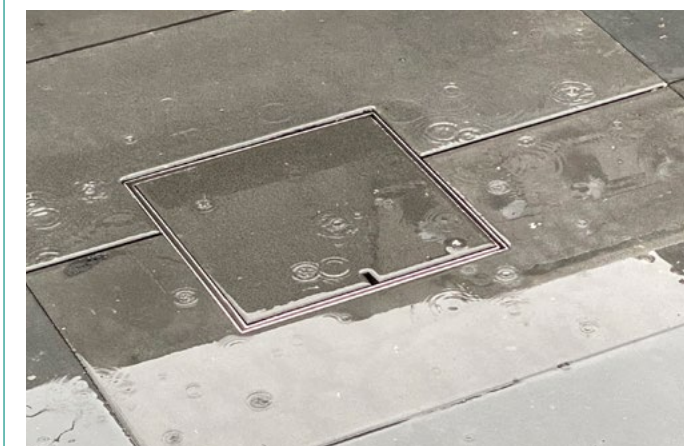

These covers are suited to capture surface water which flows from outdoor patio areas and provide long term durability with improved visual appeal.

Consult your drain layer for site water flow and outlet suitability.

Specify HIDE for install in pedestrian areas only.

DRAIN COVERS

SAFETY KEY

The Safety Key operates all HIDE lids & covers.

Key is heavy-duty, welded and constructed from marine grade stainless steel.

Contractor keys are readily available for pool service technicians.

LEARN MORE
SAFE OPERATION

INSTALLATION

Install HIDE lids in new landscapes or when refurbishing.

The simple design allows for simplistic and affordable installation, on-site by a contractor.

Every kit contains all the components for a no-fuss assembly, resulting in a superior finish. Just add your chosen inlay material.

MUCH MORE TO LOVE

HIDE's beautiful, streamlined finish is an absolute hit with homeowners. The HIDE design also features these reassuring benefits:

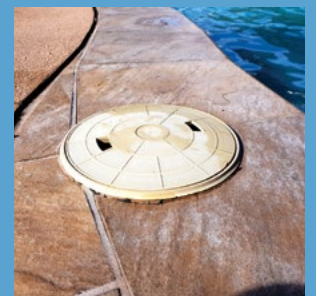

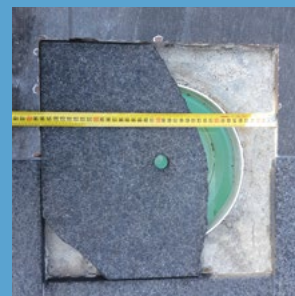

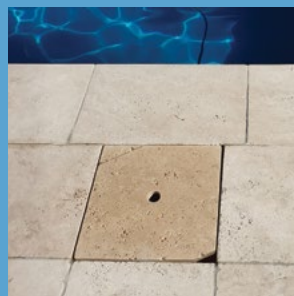

SAFE SEAMLESS STUNNING

Not all Skimmer Lids were created equal.

Traditional skimmer lid options have plenty of quality and safety concerns, which can cause severe headaches for homeowners and contractors alike. What's worse, is that many don't even meet relevant Pool Safety Standards!
