

## Ultra Spa Clarifier

**Ultra Spa Clarifier** is a fast acting hot tub water clarifier based on a natural polymer called **CHITOSAN**.

### Advantages against other clarifiers:

- ✓ Fast acting non-toxic and readily biodegradable natural clarifier.
- ✓ Removes body fats, cosmetic oils & suntan lotions.
- ✓ Removes dissolved metals.
- ✓ Removes dead algae spores.
- ✓ Improves filtration due to its “enzymatic effect” on unwanted pollution.
- ✓ Economical to use.
- ✓ Compatible with all recognised sanitisers.

### Directions for Use:

1. Ensure that your hot tub/spa water is correctly balanced.
2. Clean the filter(s) prior to use – we recommend the use of Lo-Chlor Instant Filter Cleaner for cartridge filters.
3. Add the required amount of product to the hot tub/spa (use the dose rate below).
4. Run the circulation pump for a minimum of 1 hour.
5. Repeat the dosage on a fortnightly basis and when refilling the hot tub/spa.

### Dose Rate:

100ml per 1,800L fortnightly or as and when required:

Water Volume (Litres):	Product Dose (ml's):
900	50
1800	100
2700	150
3600	200
