56	Our Promise to You

Welcome to Wellness.

We have designed the hot tub experience to be centring, restorative, healing, and transformative.

BE PRESENT

Your hot tub can provide a daily ritual in a meditative state, void of distractions. Feel the stress of the everyday melt away as you recentre yourself. It is peace and tranquility, available always.

MOVE EASIER

When you soak in a Caldera® spa, the hot water makes your muscles more pliable, which leads to greater flexibility and overall physical well-being so you can continue to do all the activities you love, longer.

FEEL BETTER

While the water's buoyancy can reduce stress on joints and muscles, warm water massage can increase circulation; relaxes muscles, ligaments, and tendons; and may stimulate the release of endorphins, the body's natural pain reliever.

SLEEP DEEPER

A hot tub is a great sleeping tool, working with your body's temperature and natural rhythms. As you enter, your body temperature increases. As you exit, it begins to drop, signalling to your brain that it is time to sleep.

STAY CONNECTED

With family and friends, your hot tub provides a dedicated space that can draw you closer. Social connection is key to well-being and can positively affect your health.

The Caldera[®] Difference.

COMFORT

Every contour, meticulously considered. Every curve, designed to work precisely with your body. Every feature, meant to create a sense of peace, immersion, and presence within your experience.

DESIGN

We craft each detail to be stunning and inviting. With beautiful colour choices, contemporary cabinet designs and sweeping contours, we have designed the perfect hot tub: yours!

PERFORMANCE

Your hot tub should always be ready when you are, with water that is fresh and clean. Our focus on performance allows you to simply enjoy the experience.

Comfort.

Deep, cradling seats and a textured Foot Ridge™ help you stay relaxed and seated even when enjoying powerful jets. Perfectly positioned hydrotherapy jets melt your tension away.

BEST SEAT IN THE HOUSE

You will notice the difference. Feel comfortably supported as the seat's design works with the buoyancy of the water to ease pressure off body parts that are under stress all day.

YOUR MASSAGE, YOUR WAY

Each Caldera® spa is carefully and purposely designed to deliver the right type of massage where it is needed the most, whether it's your lower back or the soles of your feet. Our exclusive Hot Tub Circuit Therapy™ system has a station just for you.

THE MOST ESSENTIAL ELEMENT

Design.

Every contour a choice. Every innovation, crafted to help you transform. Every decision, made to please. The result? A personal retreat, where you can rejuvenate and transform your body and mind.

INTERIOR EXCELLENCE

We pay special attention to curves and contours. Our shapes are meant to follow your shape. Our curves are designed to support and cradle yours. It is comfort, designed with purpose.

EXTERIOR DESIGN

A Caldera® spa should enhance and complement your surroundings. From traditional to modern, from substantial to sleek, all are available in contemporary colours and textures intended to delight.

MAKE IT YOURS

With a range of colour and cabinet choices and lighting features, it is easy to find the right hot tub that transforms your environment as it helps transform your world.

IT IS IN OUR DNA

Performance.

Nothing should stand between you and the daily enjoyment of your spa. Our materials are selected based on their ability to stand up to everyday use, so your hot tub is ready whenever you are.

REMARKABLY SIMPLE WATER CARE

With Caldera® Spas, you have access to fresh and clean water without handling chemicals whenever you are ready for a soak.

MORE POWER WHEN IT IS NEEDED

Whether you are in the mood to feel the gentle flow of water, or need a deeper massage, a Caldera spa provides you with what you want.

ENERGY EFFICIENT

We are committed to making Caldera Spas one of the most energy-efficient hot tubs available, to help minimise your energy usage and save you money.

COMMAND AND CONTROL

The touchscreen Advent™ panel gives you intuitive control of spa functions right at your fingertips.

Advent touchscreen panel (Utopia™ Series)

ALWAYS READY

Clean, Welcoming Water.

Our mission is to help you enjoy the benefits of a daily soak by making water care as simple as possible. How? Through innovation and technology that keeps your water fresh and clean, with less time and effort from you.

CONTINUOUS FILTRATION

The EnergyPro™ Circulation Pump, included in Utopia™, Paradise™ and Vacanza™ spas, works efficiently to filter the entire volume of water multiple times each day.

BEST PREP FOR CLEAN WATER

Make the most of your water care system with these chemical-free accessories. The Clean Screen™ pre-filter attaches to your garden hose to help remove contaminants from the water. Use Vanishing Act™ or On The Go® calcium removers to reduce buildup for softer and silkier-feeling water.

SIMPLY BETTER WATER CARE

Whether you choose FreshWater® IQ, our next generation water care system available* on all Utopia and Paradise Series spas, or the FreshWater Salt System in the Vacanza Series, you will spend less time maintaining and more time enjoying your spa. Both systems help keep your spa water clean, balanced, and natural feeling, so your spa is always ready for your next soak.

LIQUID JUST GOT SMARTER.

EXPERIENCE ONE OF THE MOST INTELLIGENT SALT WATER SYSTEMS ON THE PLANET, NOW WITH PRECISION DOSING.

Take the guesswork out of spa care with FreshWater® IQ. Our fully integrated smart salt system works quietly behind the scenes to help keep water clean, clear, and balanced. Powered by three advanced technologies, the FreshWater Salt System, Smart Monitoring System, and new Dosing System, FreshWater IQ makes water care simple and delivers consistently fresh, natural-feeling water, so you can relax and focus on what matters most.

freshwater® IQ

Smarter.

REAL TIME MONITORING. PRECISION DOSING.

FreshWater IQ uses built-in logic to monitor your water's pH, chlorine, and salt levels hourly, and delivers clear, step-by-step instructions right to your spa's touchscreen or smartphone. Need an adjustment? Just tap. Our new dosing technology lets you instantly add pH + or pH - or schedule an automated dose of Phosphate Remover, no guesswork required.

Cleaner.

BETTER WATER. FEWER CHEMICALS.

Our salt system generates chlorine from salt, so fewer chemicals are required. Combined with automated monitoring and precise dosing, it helps keep water crystal clear, gentle on skin and eyes, and fresh for up to a full year*.

Simpler.

LET YOUR SPA DO THE THINKING.

FreshWater IQ takes the guesswork out of water care. Smart alerts, step-by-step instructions, and built-in dosing make FreshWater IQ the easiest water care system we have ever created.

Better.

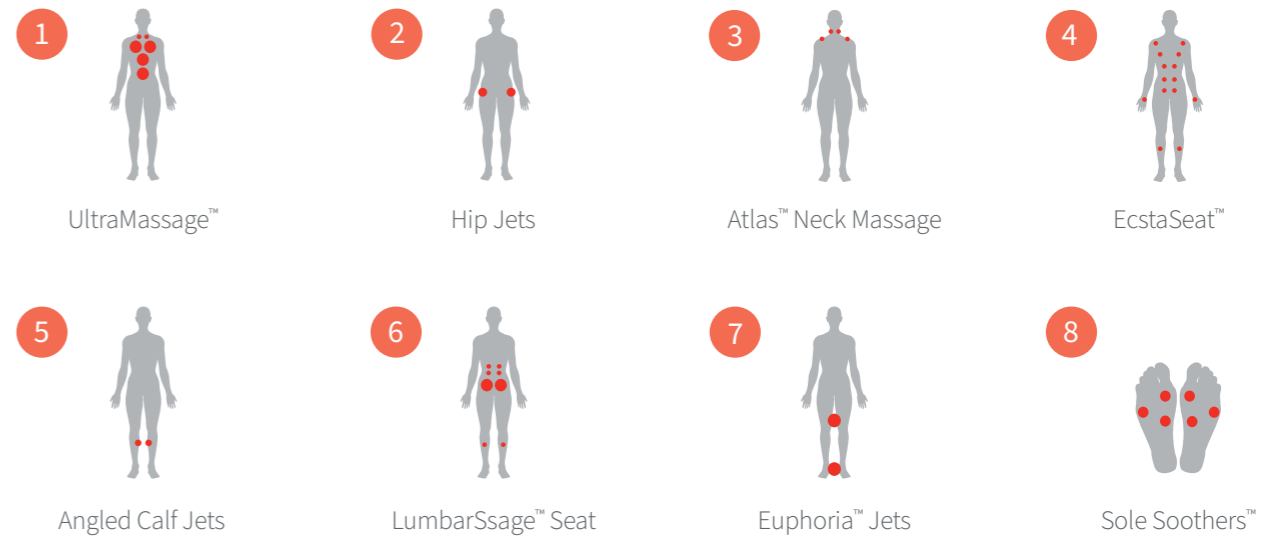

THE FUTURE OF WATER CARE IS HERE.

Fully integrated and intelligently designed, FreshWater IQ helps deliver clean, balanced, and natural feeling water with less effort, so you can soak more and stress less.

Hot Tub Circuit Therapy™

Rotate through the circuit or just concentrate on the areas that need the most attention. In just 20 minutes, you will emerge transformed.

Energy Efficiency.

When it comes to the spa experience, we do not believe in compromise. Each of our hot tubs meets the most stringent energy standards established by the California Energy Commission (CEC) for portable spas. From the insulation, heaters, and pumps to our custom-made covers, we will keep your Caldera® spa hot and ready. And your energy bills low.

YOU ARE COVERED. FROM TOP TO BOTTOM.

FiberCor®

FIBERCOR

Our proprietary FiberCor® gives you a breakthrough in insulation. The loose, wool-like fibres are applied in a 32 kg/m³ density, which is four times greater than the 8 kg/m³ density foam used in most spas. Completely filling the space between the spa shell and the cabinet, FiberCor fully insulates the spa, maximising energy efficiency and keeping your operating costs low.

ENERGYPRO TECHNOLOGY

The EnergyPro™ circulation pump features on Utopia™, Paradise™ and Vacanza™ Series spas saves you money by operating at a very low wattage to filter water. Heater use is reduced, because 80 percent of the energy used to operate the pump is transferred back to the water as heat.

CUSTOM HIGH-DENSITY COVERS

We custom-build your cover to the exact measurement of your spa to ensure a tight seal for improved energy efficiency. The durable, WeatherPro™ cover includes child safety locks and is UL listed in compliance with ASTM standards.

Paradise Series spa with Parchment cabinet and Storm cover.

ENERGY USAGE

All models meet or exceed stringent California Energy Commission (CEC) and APSP 14 energy efficiency standards for portable spas. Actual energy usage depend on spa model, usage, temperature, and other factors. The table below estimates energy usage of the Utopia Series Ravello™ spa in heavy use.

CITY	TEMPERATURE (°Celsius)	STANDBY kWh/Week ¹	USAGE kWh/Week ²
Warsaw	8.5	39.78	47.05
Brussels	10.5	35.92	43.23
London	11.5	34.00	41.32
Madrid	15	27.25	34.63
Lisbon	17.5	22.43	29.85

¹ Assumes standby-only use for one week, maintaining a water temperature of 38 °C. ² Assumes four days of use and three days with standby-only operation for one week, maintaining a water temperature of 38 °C. "Usage" is defined as a 20-minute session in the hot tub — 10 minutes with all jets on and 10 minutes without jets. Testing was performed in October 2022 in a UL-certified chamber per the ANSI/APSP/ICC-14 2019. Individual energy consumption will vary depending on your specific model, set water temperature, consumer usage patterns and environmental ambient conditions.

Discover Your Perfect Fit.

Transform tension into rejuvenation every time you step into your Caldera® spa. Each of our four unique series combines comfort, design, and performance so you can find the spa that is meant for you.

UTOPIA™ SERIES

Visually stunning. Hydrotherapy powerhouse. When paired with FreshWater® IQ, this high-performance series gives you an experience like no other.

PARADISE™ SERIES

A beautiful blend of practical and premium, designed to deliver your daily Caldera ritual in a remarkable way.

VACANZA™ SERIES

Caldera comfort. Caldera details. Caldera quality. All available at an exceptional value.

FANTASY™ SERIES

Simple setup. Portable design. Flexible wellness. Refreshingly easy spa ownership.

Utopia Series.

AN IDEAL WORLD AWAITS

The pinnacle of hot tub design, the Utopia™ Series features an architecturally inspired cabinet with easy-to-use touchscreen controls and a top-of-the-line hydrotherapy experience. It is unlike anything else. And it is waiting for you.

EXCEPTIONAL COMFORT

Take a seat and you will immediately feel the Caldera difference, thanks to its unique, body-hugging contours and ergonomically designed configurations. Well-placed jets give you all the benefits of hydrotherapy to maximise relief of tired muscles.

Each Utopia model has up to eight Hot Tub Circuit Therapy™ stations, with specialised jets including OrbiSage™ rotating jets, Euphoria™ jets, Atlas™ Neck Massage system, and the UltraMasseuse™ system available exclusively on the Cantabria™.

EXTRAORDINARY DESIGN

Strength meets style with the EcoTech™ Plus cabinet. Available in three contemporary colours, our premium cabinet includes a modern black header, wood grain accent, stainless-steel trim and integrated LED light bar that will complement any garden aesthetic.

You will also enjoy subtle style details to create a special ambiance, including the adjustable SpaGlo™ lighting system that accents individual zones throughout the spa, such as the bar top, footwell, waterfall, and exterior front panel.

INTUITIVE PERFORMANCE

Remarkable for their power and efficiency, these hot tubs are the very best of Caldera. They are also easy to care for with FreshWater® IQ*, which is available on all Utopia Series spas.

An ABS base pan beautifully frames the bottom of the spa and minimises ground contact to improve energy efficiency.

Invisible, intuitive technologies, like the simple-to-use Advent™ touchscreen control panel, let you make precise adjustments to your water temperature, jets, and lighting with ease.

Paradise Series.

STEP IN. TRANSFORM.

Transformation, wellness, and connection are always at your beck and call with our popular Paradise™ Series.

CALDERA® COMFORT

Deep seats and a spacious interior help you enjoy the rejuvenating jet action on your back, thighs, calves, and feet.

CALDERA DESIGN

Subtle wood grain and metallic accents combine for a modern twist on a classic spa design. Available in three contemporary colours with specially chosen metallic accents, you can coordinate your spa with your house, patio, or whatever you wish.

CALDERA PERFORMANCE

The Paradise Series features performance innovations such as our exclusive energy-efficient FiberCor® insulation, DuraBond reinforced shell, and a durable, low-maintenance EcoTech™ cabinet.

Enjoy fresh, clean and natural-feeling water with FreshWater® IQ, which is available on all Paradise Series spas.

Fantasy Series.

DESIGNED FOR SIMPLICITY, VALUE & WELLNESS

Simple setup. Portable design. Flexible wellness. Refreshingly easy spa ownership.

AFFORDABLE WELLNESS

Crafted using a rotational moulding process, each Fantasy model features a durable, unibody shell that is stylish, budget-friendly, and designed for years of enjoyment.

EASY WATER CARE

Fantasy Series spas come ready for the FROG® sanitising system. Prefilled cartridges automatically release bromine to keep water soft, clean, and clear with less effort. It self regulates based on the water's sanitisation needs, maintaining a consistent level of protection*.

PORTABLE

Lightweight yet strong, Fantasy Series spas are easy to move when empty, making them ideal for patios, small gardens, balconies, or second homes. Whether you are reimagining your space or relocating across town, your spa can move with you.

ENERGY EFFICIENT

With full-foam insulation, an internal heater, and a locking thermal cover, your spa maintains consistent warmth while operating efficiently. Every model meets the strict energy standards of the California Energy Commission (CEC), so you can relax knowing your spa is keeping energy costs in check.

*This system is approved for use in the following countries: Austria, Denmark, France, Germany, Ireland, Italy, Norway, Portugal, Sweden, UK.

We offer colour-matched steps designed to complement each series.

UTOPIA™ SERIES

PARADISE™ & VACANZA™
SERIES

FANTASY™ SERIES

COVER LIFTERS

A cover lifter is an essential spa accessory that protects your spa, the cover, and your investment. Designed to allow one person to effortlessly remove and replace the cover, a lifter makes it easy for you to be in your spa in seconds.

PROLIFT

The ProLift™ (not available on Utopia™ Series spas) attaches to both cover and cabinet and has a built-in safety lock. Requires 35.5 cm clearance.

PROLIFT II

The ProLift II uses a single pneumatic gas shock for smooth operation. Requires 61 cm clearance.

PROLIFT III

Our best lifter, the ProLift III has two pneumatic gas shocks to provide smooth, quiet operation. Requires 61 cm clearance.

PROLIFT IV

For decks, gazebos, or other areas where clearance is limited, the ProLift IV enables you to position the cover vertically, just behind the spa. Requires just 18 cm minimum clearance.

Each lifter requires 7.5 cm minimum side clearance.

Technology That Simplifies.

TOTAL CONTROL. TOTAL FREEDOM.

The Caldera® Spas app lets you stay connected to your hot tub even when you are away. Easily adjust your spa's water temperature, monitor your FreshWater® IQ System, receive helpful reminders and more. Our app provides peace of mind, and the freedom to create meaningful experiences while being fully present in the moment.

HELPFUL FEATURES AT YOUR FINGERTIPS.

- ✓ Monitor pH, chlorine, and salt levels*
- ✓ Trigger water care dosing from your phone*
- ✓ Adjust lighting, temperature, and jet strength
- ✓ Activate Clean Cycle or Energy Saving Mode
- ✓ Manage a spa at a second home or rental property
- ✓ Chat with your AI-powered support assistant—24/7

*FreshWater IQ is required to use these functions.

CONVENIENCE

Remotely control key spa functions like FreshWater IQ, jets, temperature, spa lighting, and more.

PEACE OF MIND

Whether you are on the go or have a second home, enjoy the comfort of knowing you can monitor your spa from anywhere.

EASY OWNERSHIP

Get quick answers and personalised help anytime by chatting with the app's AI-powered support assistant.

DOWNLOAD ON
THE APP STORE
OR GET IT ON
GOOGLE PLAY

The Caldera Spas app is powered by the Connected Spa Kit, a dealer installed option available on 2024 and newer Utopia and Paradise Series models and 2025 and newer Vacanza Series models. Spa must be within 61 m of your Home Network Adapter to work. Ask your dealer for details. Optimised for smartphone use only, not recommended for tablets.

Spa Side Accessories.

HANDRAIL

Ideal for children, seniors, or anyone who wants to feel more secure getting in or out of their spa. For added safety, the handrail is illuminated with an LED light.

TOWEL TREE

Hang towels or robes. Made with weather-resistant, powder-coated aluminium.

Step into the World of Caldera Spa Owners.

Real Caldera® owners share their stories of calm, comfort, and transformation.

Since we have gotten our hot tub, we are in it every day. My husband and I can relax and unwind. We have seen shooting stars, learned new constellations, and even seen a sunrise.

UTOPIA™ SERIES GENEVA™ OWNER

I absolutely love my spa and its FreshWater® Salt System. It is easy to maintain and leaves my skin feeling like silk. In addition to the pure enjoyment of using my hot tub, the jets have provided therapeutic relief for my muscle and nerve pain. I highly recommend Caldera Spas.

Our Promise To You.

A LEGACY OF TRUST

Caldera® Spas was founded 50 years ago and is one of the most trusted spa brands in the world. Caldera is manufactured by Watkins Wellness — the global leader that has built more than 2 millions hot tubs.

OUR WORD

From precision craftsmanship to rigorous quality control and testing, each Caldera spa is scrutinised for form, function, fit, and finish before it is ready for you. We are committed to the highest level of quality and back each spa with our exceptional ComfortGuard® limited warranty* — one of the best in the industry.

RECOGNITION

Caldera Spas are recognised for performance, quality, and customer satisfaction and have been selected as a TradeCertified™ manufacturer for 19 consecutive years. But do not take our word for it. We invite you to visit our website to check out our ratings and reviews and see for yourself what makes Caldera owners satisfied owners.

ALWAYS THERE

Backed by the full expertise and resources of Caldera Spas, our professional retailers are committed to ensuring your long-term satisfaction. From purchase to installation to service and more, count on your professional retailer to make your Caldera Spas experience easy and enjoyable.

A GLOBAL LEADER

Watkins Wellness is owned by Masco Corporation. A Fortune 500 company, Masco is a global leader whose family of trusted home products includes brands like:

hansgrohe

AXOR

helo
THE GENUINE FINNISH SAUNA

WatkinsWellness®
Feel good. Live well.

* For more information, please visit CalderaSpas.co.uk/owners-corner/warranty.

A Warranty You Can Count On.

A Caldera® Spas hot tub delivers the peace of mind that only comes when you know that your investment is protected by the most complete warranty in the hot tub industry.

How do we do it? Simple. If you make the best hot tub with the most dependable, high-performance components, offering the best warranty is just the logical next step. From precision craftsmanship to rigorous quality control and testing, each Caldera spa is scrutinised for form, function, fit and finish.
