

# Endless Pools® Fitness Systems E550

## Step it up with the fitness-first swim spa.

You play hard and work hard. Meet your newest training partner. We designed the Endless Pools® Fitness Systems E550 for the go-getters whose biggest competition is themselves. For maximum room for every aquatic workout, we expanded the width from 226cm to 239cm and removed the seats; you can still recover with hydromassage jets, but you won't mind standing.

Then there's our exclusive technology. Our signature swim current delivers powerful resistance for any workout and lets you swim without interruption for the most effective training. Opt for our Underwater Treadmill, and you have a complete home gym for total-body fitness, perfect for all ages. Exceed your goals at home, in style, with the E550.
