

- Blue Lagoon TPR 80.000**
Cabin with a total pool requirement installation inside
- Easy maintenance of your pool
 - Quick and easy installation
 - Includes the following high quality products:
 - Blue Lagoon UV-C pool manager
 - Kripsol pool pump 220V 50Hz
 - Midas sand filter
 - Blue Lagoon Inproxide
 - Blue Lagoon flocculant
 - Option to install a pool heater

Technical specifications	TPR 60.000	TPR 80.000
Pool capacity	60.000 L	80.000 L
Lamp	75 Watt	75 Watt
UV-C output	25 Watt	25 Watt
Max. pressure	2 bar	2 bar
Connection	Ø50mm	Ø50mm
Size cabin	86x86x200cm	86x86x200cm
Art. Number	B210016	B210005

Blue Lagoon Spa UV-C

- Ideal for above ground swimming pools, kiddie pools and spas up to 10.000L
- Provides fresh, clean and cristal clear water
- UV-C disinfects your water efficiently and safely
- Keeps the formation of algae and micro organisms under control
- Can reduce the use of chlorine and other chemicals up to 80%
- Prevents chlorine smell and irritation of skin and eyes
- Better for the environment than traditional methods

Technical specifications	Spa 10.000 L
Pool capacity	10.000 L
Lamp	11 Watt
UV-C output	3,6 Watt
Max. flow	5.000 L/h
Max. pressure	2 bar
Connection	Ø63-50-40-32-25mm
Length device	45 cm
Art. Number	B210000

Blue Lagoon UV-C Timer

- Provides fresh, clean and cristal clear water
- UV-C disinfects your water efficiently and safely
- Keeps the formation of algae and micro organisms under control
- Can reduce the use of chlorine and other chemicals up to 80%
- Prevents chlorine smell and irritation of skin and eyes
- Better for the environment than traditional methods
- With special Philips UV lamp
- UV-C demolishes bonded chlorine
- Integrated adjustable time meter for the UV-C lamp

Technical specifications	Timer 40.000 L	Timer 75.000 L	Timer Amalg. 150.000 L
Pool capacity	40.000 L	75.000 L	150.000 L
Lamp	40 Watt	75 Watt	130 Watt
UV-C output	15 Watt	25 Watt	50 Watt
Max. flow	20.000 L/h	25.000 L/h	30.000 L/h
Max. pressure	2 bar	2 bar	2 bar
Connection	Ø63-50mm	Ø63-50mm	Ø63-50mm
Length device	100 cm	100 cm	100 cm
Flow-switch	No	No	Yes
Art. Number	B210002	B210003	B210006

Blue Lagoon UV-C Tech

- Provides fresh, clean and cristal clear water
- UV-C disinfects your water efficiently and safely
- Keeps the formation of algae and micro organisms under control
- Can reduce the use of chlorine and other chemicals up to 80%
- Prevents chlorine smell and irritation of skin and eyes
- Better for the environment than traditional methods
- With special Blue Lagoon Tech UV lamp
- UV-C demolishes bonded chlorine

Technical specifications	Tech 15.000 L	Tech 40.000 L	Tech 75.000 L
Pool capacity	15.000 L	40.000 L	75.000 L
Lamp	16 Watt	40 Watt	75 Watt
UV-C output	3,9 Watt	15 Watt	25 Watt
Max. flow	7.200 L/h	20.000 L/h	25.000 L/h
Max. pressure	2 bar	2 bar	2 bar
Connection	Ø63-50mm	Ø63-50mm	Ø63-50mm
Length device	56cm	100cm	100cm
Art. Number	B900000	B900001	B900002

Blue Lagoon UV-C PRO

- Provides fresh, clean and cristal clear water
- UV-C disinfects your water efficiently and safely
- Keeps the formation of algae and micro organisms under control
- Can reduce the use of chlorine and other chemicals up to 80%
- Prevents chlorine smell and irritation of skin and eyes
- Better for the environment than traditional methods
- With special Philips UV lamp
- UV-C demolishes bonded chlorine
- Integrated adjustable time meter for the UV-C lamp
- Fully 316L stainless steel body

Technical specifications	Pro 75.000 L	Pro Amalgam 150.000 L
Pool capacity	75.000 L	150.000 L
Lamp	75 Watt	130 Watt
UV-C output	25 Watt	50 Watt
Max. flow	35.000 L/h	40.000 L/h
Max. pressure	5 bar	5 bar
Connection	Ø63mm	Ø63mm
Size device	100cm - Ø120mm	100cm - Ø120mm
Flow-switch	Yes	Yes
Art. Number	B210008	B210007

Blue Lagoon UV-C Ionizer

- UV-C combined with copper electrolysis
- Provides fresh, clean and cristal clear water
- UV-C disinfects your water efficiently and safely
- Keeps the formation of algae and micro organisms under control
- Enables swimming without the use of any chemicals
- UV-C lamp and copper unit are sufficient for 2 swim seasons
- Better for the environment than traditional methods
- Integrated adjustable time meter for the UV-C lamp and copper unit

Technical specifications	Ionizer 40.000 L	Ionizer 70.000 L
Pool capacity	40.000 L	70.000 L
Lamp	40 Watt	75 Watt
UV-C output	15 Watt	25 Watt
Max. flow	20.000 L/h	25.000 L/h
Max. pressure	2 bar	2 bar
Connection	Ø63-50mm	Ø63-50mm
Length device	100 cm	100 cm
Max. copper	0,7 ppm	0,7ppm
Art. Number	B200002	B200003

Blue Lagoon Ozone UV-C

- UV-C combined with ozone
- Provides fresh, clean and cristal clear water
- UV-C disinfects your water efficiently and safely
- Keeps the formation of algae and micro organisms under control
- Ozone destroys and oxidizes molds, bacteria and viruses
- Ozone destroys cosmetics, urine, perspiration, body oils and creams
- Does not leave any by-products in the pool
- Can reduce the use of chlorine and other chemicals up to 90%
- Prevents chlorine smell and irritation of skin and eyes
- Better for the environment than traditional methods
- Integrated adjustable time meter for the UV-C lamp

Technical specifications	Ozone 75.000 L
Pool capacity	75.000 L
Lamp	75 Watt
UV-C output	25 Watt
Max. flow	25.000 L/h
Max. pressure	3 bar
Connection	Ø63-50mm
Length device	100 cm
Max. ozone	0,6 gram / h
Art. Number	B200005

Blue Lagoon Pool Manager Control your Pump, UV-C and dosing pumps with only one button!

- Easy maintenance of your pool water
- Integrated adjustable timer for total control of your pool pump
- Exact dosing of Inproxide and flocculant to your pool
- All the benefits of UV-C
- No calibration needed
- Including flow switch
- Minimal disinfectant needed
- High safety

Technical specifications	Pool Man. 40.000 L	Pool Man. 75.000 L	Pool Man. Amalg. 150.000 L
Pool capacity	40.000 L	75.000 L	150.000 L
Lamp	40 Watt	75 Watt	130 Watt
UV-C output	15 Watt	25 Watt	50 Watt
Max. flow	20.000 L/h	25.000 L/h	30.000 L/h
Max. pressure	2 bar	2 bar	2 bar
Connection	Ø63-50mm	Ø63-50mm	Ø63-50mm

Art. Number	B200010	B200009	B200008

Compact4Pool

- Prefilter, filter, UV-C and pool pump in 1 device
- Ideal for above ground swimming pools, kiddie pools and spas up to 20.000L
- Minimalizes the use of chemicals in your pool
- Washable polyurethane foam filter material
- Easy to install and maintain
- Can reduce the use of chlorine and other chemicals up to 80%

Technical specifications	Compact4Pool
Pool capacity	20.000 L
Lamp	11 Watt
UV-C output	3,6 Watt
Connection	Ø40mm
Pump capacity	5.000 L/h
Art. Number	E801328

Profiheater

- Built-in heating element with thermostat
- Ideal for above ground swimming pools, kiddie pools and spas up to 20.000L
- 316L stainless steel body
- Universal fittings included
- Heating water until 40°C

Technical specifications	Profiheater 1kW	Profiheater 2kW	Profiheater 3kW
Pool capacity	2.500 L	5.000 L	7.500 L
Max. flow	10.000 L/h	15.000 L/h	20.000 L/h
Max. pressure	2 bar	2 bar	2 bar
Connection	Ø63-50-40-32-25mm	Ø63-50-40-32-25mm	Ø63-50-40-32-25mm
Art. Number	E830008	E830009	E830010

Transformers for underwater lighting

- High quality transformers which are perfectly suitable for all your swimming pool lighting.

Art. Number	Type
E821000	Transformer for 1x lamp 12V;50 Watt
E821001	Transformer for 1x lamp 12V;100 Watt
E821002	Transformer for 2x lamp 12V;50 Watt
E821003	Transformer for 2x lamp 12V;100 Watt
E821004	Transformer for 1x lamp 12V;300 Watt
E821005	Transformer for 2x lamp 12V;300 Watt
E821006	Transformer for 1x lamp 1x 300 Watt 11,5-13,5V
E821007	Transformer for 2x lamp 300 Watt 11,5-13,5V
E821008	Transformer for 1x lamp 200 Watt 30V DC (230V; 50/60 Hz)
E821009	Transformer for 1x lamp 12V;200 Watt

PoolMag

- You want to enjoy your swimming pool, whirlpool or spa as much as possible with the minimum of maintenance. The PoolMag makes the maintenance of your pool considerably easier and less expensive. This permanent magnet prevents limescale on pipe walls, tiles, foil, etc., and even ensures that lime deposit formed previously in the pipes (kettle fur) will come off. If your pool is heated by a heating system in combination with a heat exchanger, the energy costs will be reduced thanks to the clean pipes. If you use solar panels, you will get a higher yield from your installation and the water will be warmer. The PoolMag can easily be fitted around a non-ferrous pipe (such as copper, stainless steel, aluminium, PVC, etc.). As well as on swimming pool and whirlpool installations you can fit the PoolMag on the pipes of central heating, dishwashers, washing machines, etc.

Poolmag	1/2"	3/4"	1 1/2"	2"
Size	Ø14-16mm	Ø23-26mm	Ø48-52mm	Ø60-65mm
Art. Number	E820000	E820001	E820002	E820003
