# TECHNICAL DATA

---

Pool Covers are only beneficial to the pool owner when they are on the pool, therefore, by speeding up the process of covering/uncovering the pool results in a significantly warmer and cleaner pool.

The *Plastica Standard* Telescopic Reel System is an excellent value for money reel system. The tube is manufactured from anodised aluminium, the end stands are mirror polished stainless steel and has plastic wheels and a unique anti-spin locking device which locks the steering wheel in place.

The *Plastica Standard Reel* comes complete with all the necessary straps and fittings as well as an easy to follow instruction guide to ensure a quick and effortless installation.

The telescopic tube extends from 3.66m to 5.49m (12' to 18') to suit cover sizes from 3.05m - 5.18m (10' to 17'). Maximum Cover Size 60m<sup>2</sup>
