

CDP Dehumidifiers

Wall mounted, floor standing or through the wall

Certikin

CDP Dehumidifiers

Wall mounted, floor standing or through the wall

The CDP range of dehumidifiers are the ideal choice for humidity control in an indoor swimming pool. They have been developed with a focus on quality, functionality and energy saving. Highly efficient fans and compressors, combined with a new advanced remote control option contribute to cost-efficient operation and significant energy savings.

Features

- Low sound level
- Low energy consumption
- Evaporator and condenser coils are epoxy coated
- Metal parts are powder coated before assembly
- Integrated control of heating and humidity (ON/OFF)
- Building Management System (BMS) communication (Modbus)
- USB gate
- Direct connection of 230V on external box

Optional accessories

- Wireless remote control DRC1
- Floor mounting kit
- LPHW air heating coil
- Control valve for LPHW air heating coil
- Electric heating coil
- Through-wall duct kit with filter, extension kit and alu grill
- Duct lead-in adapter

Applications

- Indoor pools
- Therapy pools
- Health clubs and wellness centres
- Hotels and spa pools
- Holiday parks and campsites

Dantherm®

CDP 70

CDP 40T

- These performance figures are based on air at 30°C and 60% RH; pool water at 28°C; boiler water at 82°C
 - All models are R407C ozone friendly refrigerant
 - LPHW = Low pressure hot water
 - Humidistat adjustable from 20% to 100% RH
 - Operating range temperature 10°C to 36°C
- Automatic controls
 - Fuses should be motor rated
 - “T” models are supplied with inlet and outlet grills (C/W sleeves)
 - All units are covered with two year warranty (first year parts and labour, second year parts only)
 - Manufactured in Denmark

Unit 9, Witan Park, Avenue 2, Station Lane Industrial Estate, Witney, Oxfordshire, OX28 4FJ, United Kingdom
