

The background image shows a luxurious outdoor pool setting. In the foreground, a rectangular pool with a grey stone coping is filled with clear water. To the left, there's a smaller, lower pool area. In the center background, a fire pit with a warm fire is visible. The surrounding architecture features stone walls and large glass windows, suggesting a high-end residential or commercial property. The sky is overcast.

Supporting the Swimming Pool & Landscaping Trade

Coming into our 19th year of trading, we continue to be the leading supplier of pool surrounds in the UK. As a growing family business, we are happy to have such loyal trade customers.

Keeping our customers happy and being as transparent as possible is of utmost importance to us.

We continue to use ethically sourced, high quality natural stone & porcelain products from all around the world. Keeping our eye on the ever changing trends, bringing style and safety together to create the perfect solutions for swimming pool surrounds.

Becoming a trade only supplier in June 2021 has allowed us to support the trade, who have supported us over the years. Working in the pool industry for over 30 years has provided us with knowledge of swimming pool construction and landscaping to enable our team to work with pool installers & landscapers in great depth.

Helping our customers is our main priority and understanding the pressure and high demands they are under is the key. Over the years, we have become the go-to bespoke company. However, recognising the need for faster lead times for standard coping orders, we have raised our stock levels for quick shipping and introduced our new QR code system for quick quotes / orders for trade customers.

Using our QR Codes

Using our QR codes is simple and easy:

1. Select the product page and take a photo of the QR code
2. Select Order or Quote
3. Type in your Company Name and select Yes, if you already have a trade account with us.
4. If you do not have a trade account, please download, complete and return the trade application form.
5. Enter your requirements
6. Enter any other information you may need help with
7. Upload any images / sketches which will help us with your enquiry
8. Press the submit button
9. Wait for our speedy reply.

Please also use our Stone Swatch Keyfobs for easy on-site enquiries.

Fossil Pearl Satin Limestone

Bullnosed coping size	600 X 300 X 40mm
Overlap Coping size	600 X 300 X 30/50mm
Paving size	900 X 600 X 30mm (m²)
Paving size	900 X 600 X 20mm (m²)

Fossil Pearl Tumbled Grip Limestone

Bullnosed coping size	600 X 300 X 40mm
