

# Apex

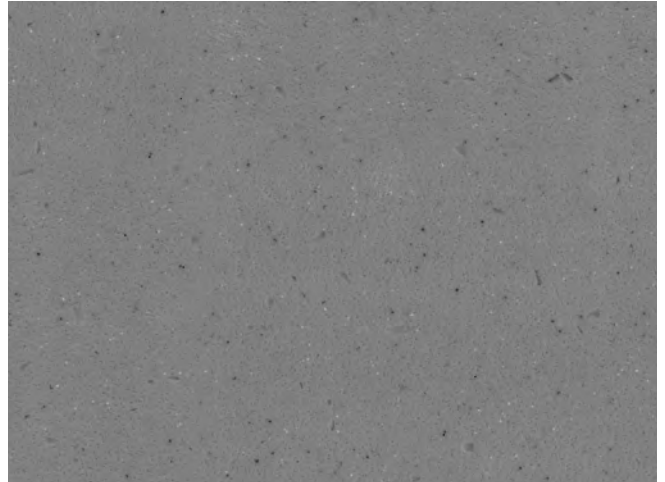

## COPING SYSTEM

Our Apex Coping offers a smart, maintenance-free way to finish the top edge of your pool. Our custom coping will prove durable for your indoor or outdoor pool installation.

Your coping will arrive with pre-cut pieces for easy installation. The rounded corners will give your pool a graceful, modern look. We offer three colors; Summit Gray, Desert Plateau and Arctic Ice.

For the most polished finish for your pool, we suggest coordinating your coping choice with our Ascent Skirting.

***Call your local dealer to confirm your choices.***

Summit Gray

Desert Plateau

Arctic Ice

Colors may vary slightly from pictured. Choices are subject to change without notice; please contact your local dealer for all of the latest coping choices.

# Ascent

## SKIRTING SYSTEM

With a fully or partially above-ground pool, the exposed outside wall is the first thing you'll see. Our durable and stylish laminate skirting mimics the look of real wood without any of the maintenance.

We designed our custom skirting to make it easy to install on any exposed wall of your above-ground pool; for partially in-ground installations, your skirting panels can be easily trimmed. Each synthetic skirting panel alternates 12-inch and 6-inch sections to add dimensionality to your pool walls.

We offer two colors, Riverbed Brown and Weathered Gray, that are designed to complement our Apex Coping options.

# Light Blue

## STANDARD LINER

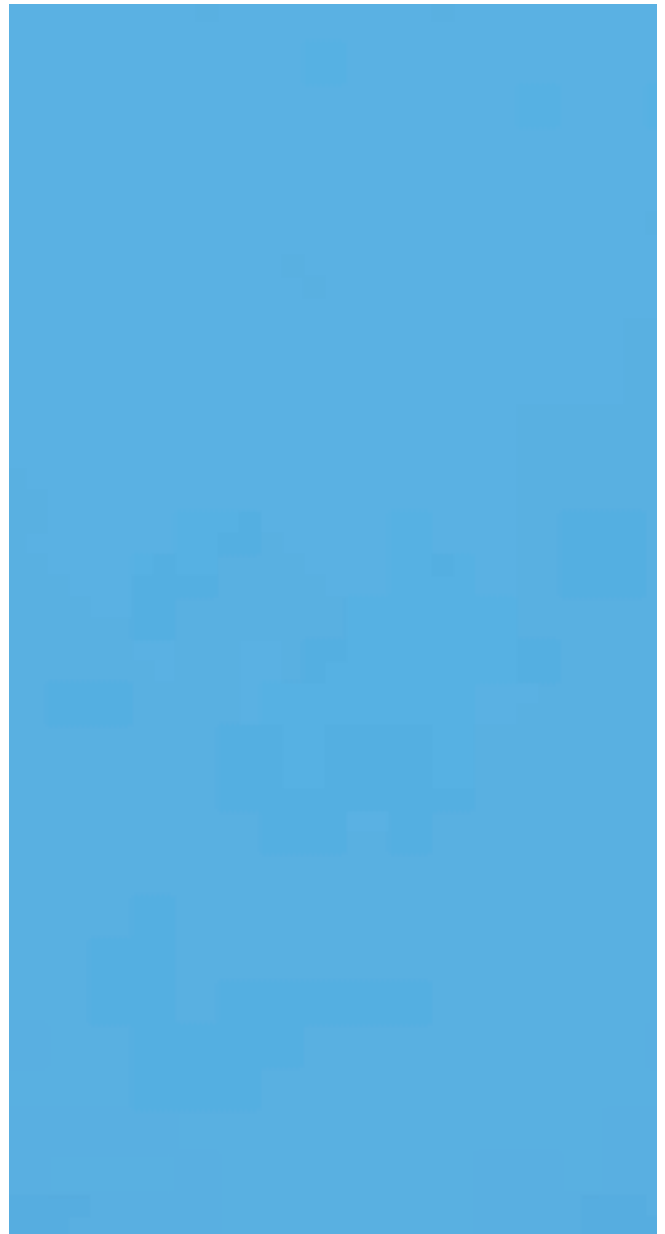

Our Light Blue liner is a classic that recalls the simple fun and clean look of your childhood pool memories. Versatile for any location, this liner adds a splash of brightness to basement or garage pools.

A vinyl liner gives you versatility, flexibility, and a beautiful interior. Our 28-mil. vinyl liner is 40% thicker than the 20-mil. liners standard in traditional in-ground pools. It allows you to customize your pool's size and appearance in a way that simply isn't feasible with fiberglass or acrylic spas. You can choose from a range of solids and patterns. Each liner comes with a full 2-year warranty against manufacturer defects. In fact, we're so confident in our liners that should one become damaged during installation, we'll REPLACE IT FREE OF CHARGE. With extra durability built right in, our custom liners give you design flexibility and peace of mind.

*Call your local dealer to confirm your choices.*

Liner seams may be more visible on patterns printed on white vinyl. Pattern and solid colors may vary slightly from brochure. Liner choices are subject to change without notice; please contact your local dealer for all of the latest custom liner choices.

Light Blue

# Dark Blue

## STANDARD LINER

With a royal hue that evokes the deep blue sea, our Dark Blue liner gives your pool a rich, traditional look. Suitable for any pool, it has a bold tone that's especially striking for pools bathed in natural light.

A vinyl liner gives you versatility, flexibility, and a beautiful interior. Our 28-mil. vinyl liner is 40% thicker than the 20-mil. liners standard in traditional in-ground pools. It allows you to customize your pool's size and appearance in a way that simply isn't feasible with fiberglass or acrylic spas. You can choose from a range of solids and patterns. Each liner comes with a full 2-year warranty against manufacturer defects.
