EXTRA KLEEN

DEEP KLEEN

What...

Triple action cleaner – removes heavy soiling including rust, scale/calcium deposits, scum and body oils/fats. Minimal pH impact.

Where...

This product is specifically designed for use around swimming pools.

Ideal for use on tiles (restoring original anti-slip properties and concrete. Suitable for pool surrounds, changing rooms and toilet areas.

DO NOT USE ON STAINLESS STEEL OR CHROME SURFACES.

How...

Designed for initial deep cleaning and then routine 3 monthly cleaning.

Apply with a mop, cloth or brush.

DEEP CLEANING: Use neat as supplied.

BEFORE

AFTER

EXTRA KLEEN

MULTIPURPOSE KLEEN

What...

A highly effective biodegradable general purpose cleaner and sanitiser with a fresh fragrance.

Where...

Ideal for all surfaces including metal surfaces, tiles, concrete, rubber mattings, showers, glass, carpets and upholstery.

Do not use in food preparation areas due to fragrance.

How...

Apply with a mop, cloth or brush.

For heavy soiling this product may be used neat as supplied.

When floor cleaning rinse with clean water before allowing it to dry.

SCALE KLEEN

What...

Enables rapid penetration and removal of scale deposits/scum and body fats.

Effectively removes some forms of metal tarnish, hard water scale, rust from ferrous metals and even brightens aluminium and chrome surfaces. Minimal pH impact.

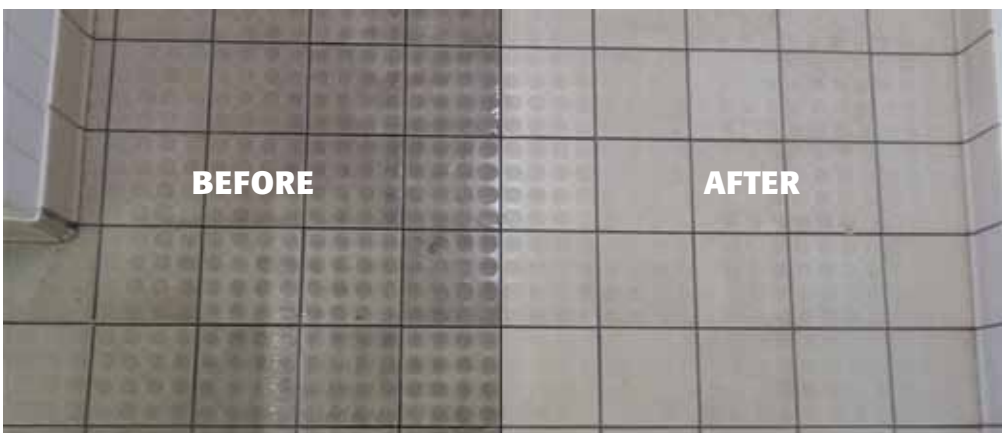

Where...

The properties of this product enable it to be used extensively in the leisure industry suitable for most surfaces, including metals, tiles and acrylic, ideal for pool side, showers, washrooms, changing rooms and hot tub surfaces.

How...

Apply with a mop, brush, cloth or scrubbing machine.

For heavy scaling or soiling use neat from the bottle.

EXTRA KLEEN

SHOWER KLEEN

What...

Highly effective shower head descaler and disinfectant that kills bacteria including legionella. A quick and easy to use method of removing unsightly scale that harbours bacteria. Keeps shower heads and taps flowing freely and looking good.

Where...

Plastic container (i.e. bucket).

How...

Use the product neat as supplied.

Fully immerse shower head in solution and leave for 15 to 30 minutes or when scale is fully softened (i.e. when the solution stops fizzing). Scrub with a brush to remove all 'softened' scale. Rinse shower components with water, prior to returning them for use.

One treatment every three months is all that is required to comply with HSE L8 approved code of practice and guidance for the control of legionella.
