

Key Features

- Easy retrofit operation
- Sleek control panel with touch pad
- 12V Low running voltage
- Handheld remote option
- Adjustable flow rate for different swimming abilities
- Low cost option

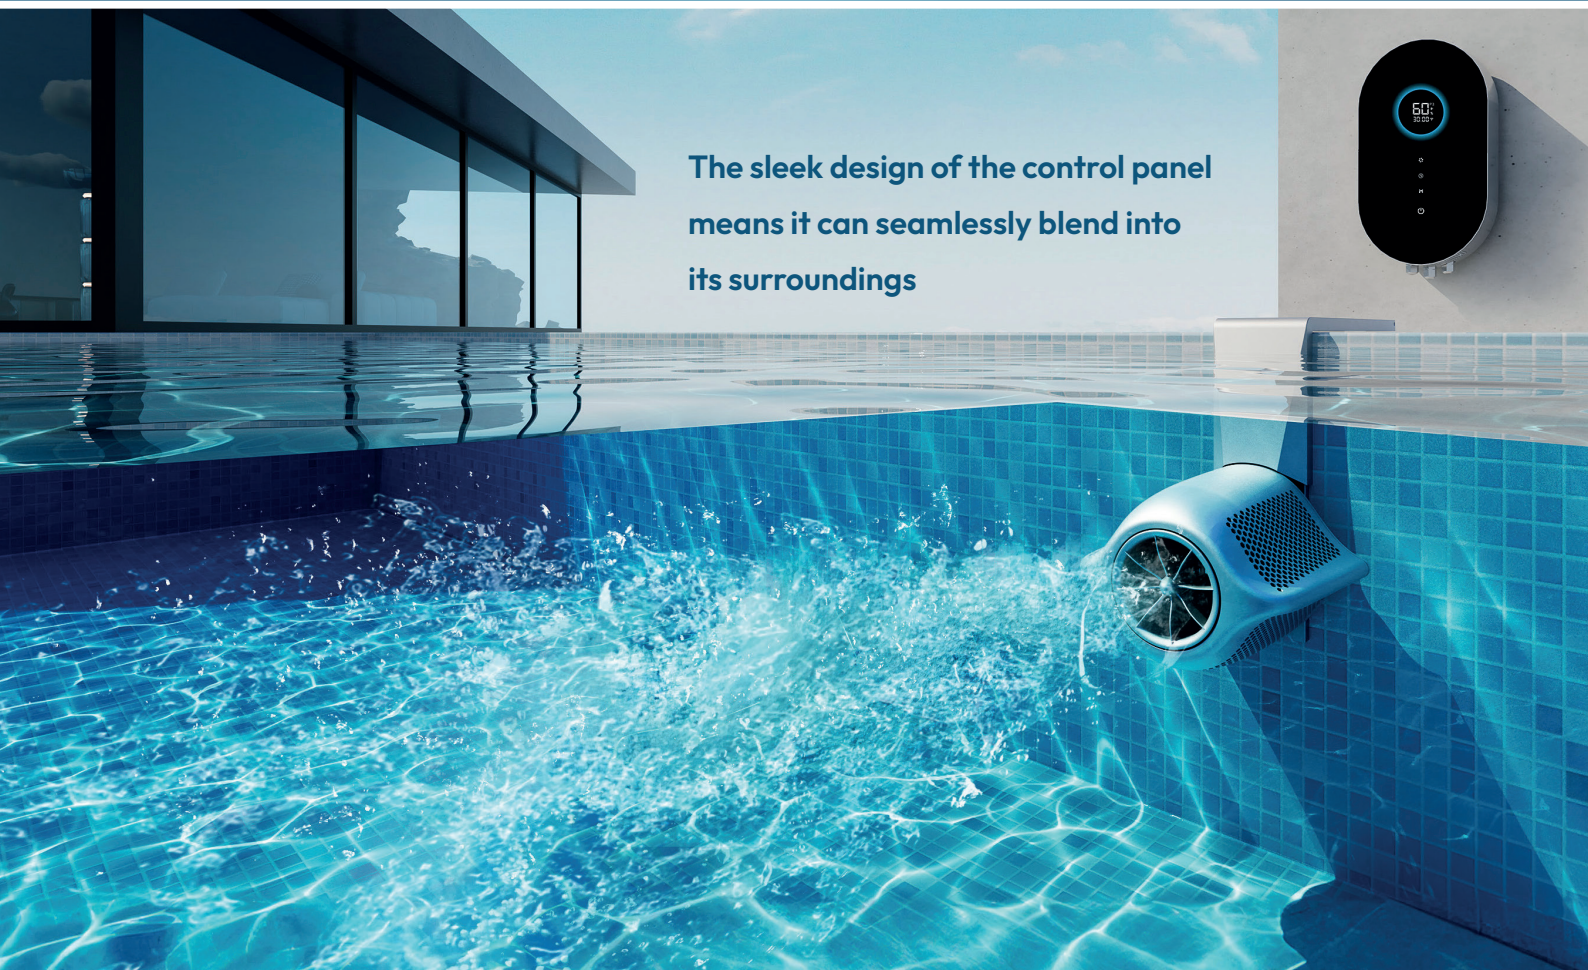

Convenient handheld remote-control option

InverJet turns your pool into a fun-filled adventure, delivering the experience of swimming against a current regardless of the size of your pool. Its innovative InverTurbo Tech creates a customizable flow pool with adjustable current intensities, ranging from gentle to intense, making it perfect for all fitness levels and swimming styles. Elevate your aquatic experience with endless possibilities for challenge and push yourself further. This easy to install retrofit option means you are not restricted by already being a pool owner and can add the InverJet to an existing pool.

The sleek design of the control panel means it can seamlessly blend into its surroundings

Model	Operating Voltage	Max Flow rate m3/h	Max flow speed m/s	Motor dimension	IP Rating	Water temperature
SJ100	12V	100	2.40	328mm(L) 364mm(W) 275mm(H)	IP68	5-40oC
SJ160		160	2.90			
SJ200		200	3.40			
SJ230		230	4.00			
SJ250		250	4.70			

Control panel specification:

Model	Power (kw)	Supply voltage	IP Rating	Control panel dims	External control
SJ100	0.35	AC 230V	IP45	442.8mm(L) 245mm(W) 120mm(H)	RS485, Wi-fi
SJ160	0.55				
SJ200	0.85				
SJ230	1.25				
SJ250	1.40
