Integrated battery with autonomy about ten windings (for a 10 x 5 m pool)

Power supply

Integrated rechargeable 12V battery
Mains charger and jack plugged adapter supplied

Control

Wired

Maximum pool dimensions

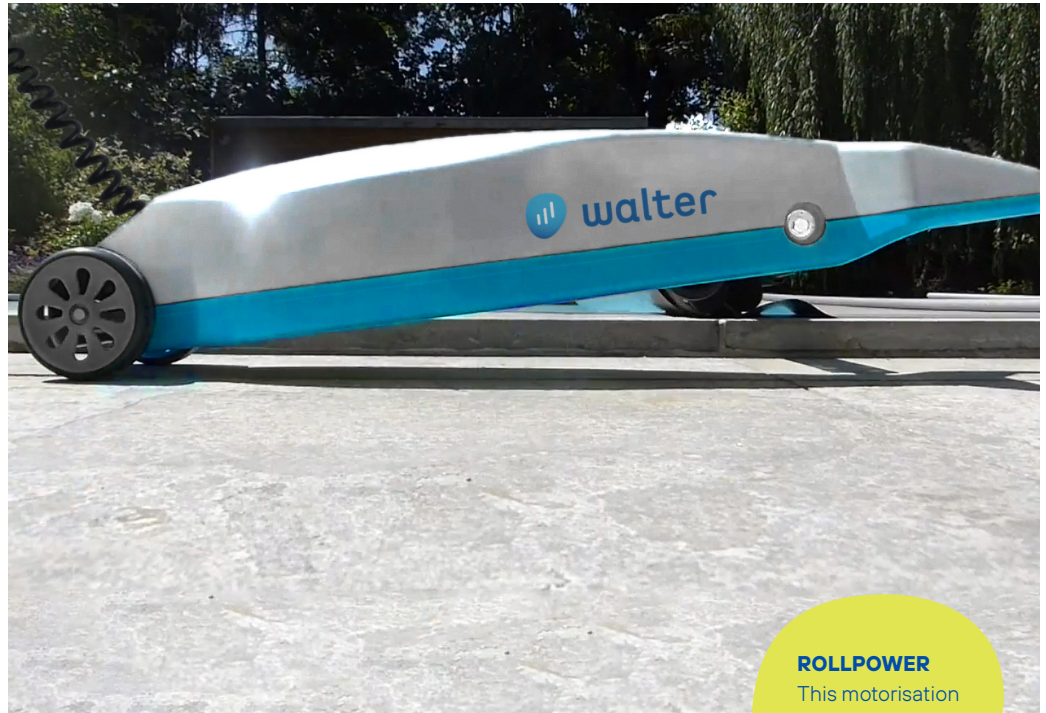

11 x 5 m

About the product

When rolling up your bar cover becomes so easy! Effortlessly and in less than 3 minutes (for a 9 x 4.50 m pool). Robust and stable thanks to its large diameter wheels. At the end of winding, the "Reverse" function allows ROLLPOWER to be easily released. The motorization can be positioned to the right or to the left of the cover.
