

 **NEW FOR 2026**

ZODIAC® PRESENTS THE NEW **FREEDOM LITE**: DESIGNED TO THINK. BUILT TO CLEAN.

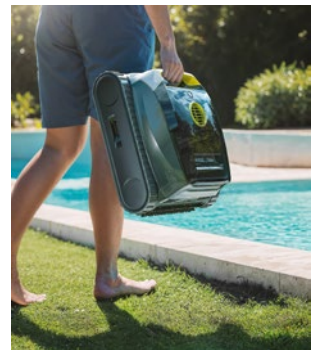

**FREEDOM
TO
MOVE** 

Cleans smart, filters deep, shows it clearly

This **cordless pool robot** has been designed to combine performance with peace of mind. Powered by a **high-performance Lithium-Ion battery**, it efficiently cleans the floor, walls, and waterline **for up to 3h**, ensuring impeccable results. Its front and rear brushes, combined with a **dual two-level filtration system** including a micro-filter, capture both large debris and the finest particles, keeping your water crystal clear at all times. Equipped with **next-generation smart sensors** (Gyroscope, TOF, Hall), it follows optimized and **methodical cleaning patterns**, ensuring thorough and intelligent coverage of your pool. The result: perfectly clear water, without effort and with total peace of mind.

Easy control for true peace of mind

Designed to deliver everyday comfort, this **cordless robot** frees you completely from cable constraints, guaranteeing absolute **freedom of movement**. Compact and **lightweight** (only 8 kg), it is easy to carry and handle, while its **transparent window** allows you to check the filter at a glance. Maintenance becomes incredibly simple and quick! With **5 cleaning modes**, including customizable multi-day scheduling, you can enjoy an entire week of peace of mind as the robot automatically adapts the duration and frequency of its cycles to your needs. Wi-Fi connected, it is easily controlled through the **Fluidra Pool®** app, offering an intuitive experience and uncompromising swimming enjoyment.

Agile by design and adapted for any pool

With **built-in agility**, it can adapt to all pools, regardless of the lining or shape, for lengths of up to 15 meters. Its **intelligent sensors** allow it to handle obstacles seamlessly. Equipped with **dual drive motors and powerful brushes**, it delivers stable, precise navigation while maximizing cleaning coverage. Thanks to its smart **S-pattern trajectory**, guided by advanced sensors, it efficiently reaches every corner of the pool, providing consistent results and **crystal-clear water at all times**.

TECHNICAL SPECIFICATIONS

NUMBER OF MOTORS	3
CLEANING CYCLES	- Floors - Walls - Waterline
FILTRATION	Dual stage filtration 3/180µ
WEIGHT	< 8 kg
DIMENSIONS	W 43 x D 38 x H 23cm
FILTRATION SURFACE AREA	900 cm ²
FILTER CAPACITY	4 L
CLEANING WIDTH	15 cm
BATTERY	Lithium-ion / 10 400 mAh
DRIVE SYSTEM	Tracks
TRANSMISSION	Gears
SAFETY	Out of water safety

STANDARD FEATURES

	Dual filter canister Filter 3µ / filter 180µ
	Universal hook For assistance in removing from water
	Charger
