DOMESTIC LEADING EDGE

The Plastica leading edge is a DIY product which can be installed easily on new or existing domestic pool covers. It comes with all the necessary fixings and pulling cord.

Available in three sizes which covers pool sizes 2.74m (9ft) up to 6.4m (24ft) wide.

Plastica can fit a domestic leading edge to a new cover ordered for a small fee.

This innovatively designed domestic pool leading edge is manufactured from a strong PVC coated polyester netting.

The buoyancy is achieved by foam inserts which allow ease of operation therefore saving time and effort.
