PLEASE RETAIN THESE ASSEMBLY INSTRUCTIONS FOR FUTURE REFERENCE

If you have any queries concerning the duration and terms of the guarantee, please contact your supplier. We would also refer you to our General Sale and Supply Conditions, which are available on request.

The manufacturer accepts no liability for any damage or injury caused by failure to follow these instructions, or from negligent operation or assembly, even if this is not expressly stated in this instruction manual. In light of our policy of continuous improvement, it is possible that details of the product may differ from those described in this manual. For this reason, these instructions should only be treated as guidelines for the installation of the relevant product. This manual has been compiled with all due care, but the manufacturer cannot be held responsible for any errors or the consequences thereof. All rights are reserved and no part of this manual may be reproduced in any way.

BITTE VERWENDEN SIE DIESE ANLEITUNG BEI ALLEN ZUKÜNFTIGEN MONTAGEN !

Bezüglich Gewährleistungsdauer und für die Bedienungseinweisung wenden Sie sich bitte an Ihren Händler.

Des weiteren verweisen wir auf unsere Allgemeinen Verkaufs- und Lieferbedingungen, die wir Ihnen auf Anfrage gerne zur Verfügung stellen.

Für Folgeschäden, bedingt durch unsachgemäße Montage bzw. Nichteinhaltung der in dieser Montageanleitung aufgeführten Vorschriften und entsprechenden Vorsichtsmaßnahmen, ist der Hersteller nicht verantwortlich.

Auf Grund von kontinuierlicher Weiterentwicklung der Produkte kann es durchaus vorkommen, dass das Produkt in Einzelheiten von dem Beschrieb abweicht. Aus diesem Grund dient die Anleitung nur als Richtlinie für die Montage der Produkte.

Wir haben diese Montageanweisung sorgfältig verfasst, übernehmen aber für evtl. Fehler, oder Folgeschäden keine Verantwortung.

Wir weisen ausdrücklich darauf hin, dass alle Rechte vorbehalten sind, und das Kopieren dieser Anleitung verboten ist.

BEWAAR DEZE MONTAGEHANDLEIDING VOOR TOEKOMSTIG GEBRUIK!

Voor de duur en de voorwaarden ten aanzien van garantie raden wij u aan contact op te nemen met uw leverancier. Voorts verwijzen wij naar onze Algemene Verkoop- en Leveringsvoorwaarden die op aanvraag verkrijgbaar zijn.

Alle verantwoordelijkheid voor schade of letsel als gevolg van het niet naleven van deze voorschriften, of door het niet in acht nemen van de gebruikelijke voorzichtigheid of zorgvuldigheid bij handelingen en montage, zelfs indien niet uitdrukkelijk omschreven in deze montagehandleiding, wordt door de fabrikant afgewezen.

Als gevolg van voortdurend streven naar verbetering kan het voorkomen dat het product in detail afwijkt van hetgeen in deze handleiding is beschreven. Om deze reden dienen de gegeven instructies slechts als richtlijn voor het installeren van het in deze handleiding vermelde product.

Deze handleiding is met alle zorg samengesteld, maar de fabrikant kan geen verantwoording op zich nemen voor eventuele fouten in deze handleiding of voor de gevolgen daarvan.

Voorts zijn alle rechten voorbehouden en mag niets uit deze handleiding op welke wijze dan ook worden veeleelvoudigd.

1. Introduction

This manual describes the assembly of the Starline Roldeck. Read this manual carefully. The installer must be informed of the contents of this manual. Follow the contents of the manual precisely. Always do things in the correct order. This manual should be kept on a safe, dry and against sun-protected place. In case of damage or loss the user may request a new copy of the manual from Starline.

2. Warnings & safety measures

When installing the Starline Roldeck, please observe carefully the instructions and guidelines contained in this manual. Always perform each step in sequence. If any of the instructions are not clear, please contact Starline. Subject to technical change without notice. All measurements are in millimetres unless otherwise indicated.

The Starline Roldeck should normally be assembled by qualified technical personnel (at least 2 skilled people). We strongly discourage the use of additional components or the omission of components as this can have a negative effect on the operation and the safety of the Starline Roldeck.

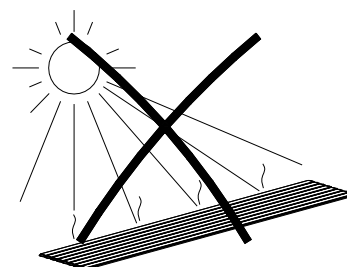

The manufacturer accepts no liability for damage or injury caused by failure to adhere strictly to the safety precautions and instructions contained in this manual or by negligence during the installation of the product and any accessories described in this document.

Please note: At low temperatures one cannot transport, dis/assemble, clean and replace the slats. At low temperatures the slats are very vulnerable.

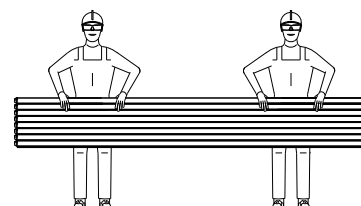

Translucent, solar and blue slats should not be exposed to direct sunlight, unless lying on the water-level.

The translucent, solar and blue slats must always be placed on or under the water level or rolled on the winding shaft so that these are protected against sunlight.

The slats should only be transported horizontally, by min. 2 qualified employees.

Condensation can occur in the slats.

The electrical installation must comply to the current standards and locally applying installation instructions. The installation should only be connected by an acknowledged electro technical installer. Possible failures to equipment must be communicated to your installer. The equipment should be checked 1x p. year by your installer.

D

1. Einleitung

Diese Anleitung beschreibt den Zusammenbau des Starline Roldeck. Lesen Sie diese Anleitung sorgfältig. Der Installateur muß vom Inhalt diese Anleitung informiert sein. Der Inhalt der Anleitung folgt genau. Tun Sie immer Sachen im korrekten Auftrag. Diese Anleitung sollte auf sicherem, trockenem und an einen geschützten Platz vor der Sonne gehalten werden. Wenn Sie die Anleitung verlieren sollten, bestellen Sie dann eine neue Kopie.

2. Warnungen und Sicherheitsmassnahmen

Befolgen Sie für die Montage des Starline Roldeck sorgfältig die Anweisungen und Vorgaben wie beschrieben. Verändern Sie auf keinen Fall die Reihenfolge der Montageschritte. Sollten dennoch Probleme auftreten, wenden Sie sich bitte direkt an Starline. Wir behalten uns vor, auch ohne schriftliche Ankündigung, Änderungen vorzunehmen. Sofern nicht anders erwähnt, sind alle Maßangaben in Millimeter.

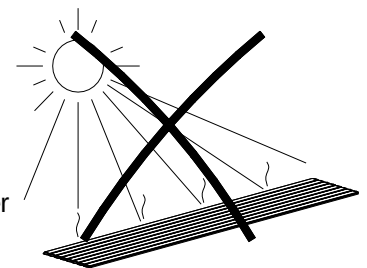

Für die ordentliche Montage sind mindestens zwei qualifizierte Monteure notwendig. Das eigenständige Hinzufügen oder Weglassen von Montageteilen kann einen nachteiligen Einfluss auf die Funktionsfähigkeit und Sicherheit der Elemente zur Folge haben und ist deshalb strengstens untersagt.

Der Hersteller lehnt jede Verantwortung für Schäden oder Verletzungen, die durch die unsachgemässe Handhabung, das Nichteinhalten der Sicherheitsvorschriften und die fehlerhafte Montage, entstehen ab.

Achtung: Bei niedrigen Temperaturen kann man die Lamellen nicht transportieren, ab/montieren, reinigen und ersetzen. Bei niedrigen Temperaturen sind die Lamellen sehr zerbrechlich.

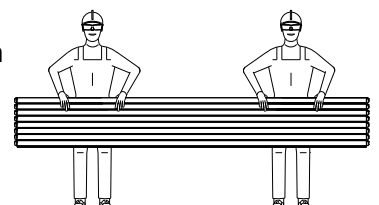

Die Transparente, Solar- und Blaue Lamellen sollten nicht an direktem Sonnenlicht herausgestellt werden, außer liegend auf dem Wasserbereich.

Die Transparente, Solar- und die Blau Lamellen müssen immer auf oder unter Wasserbereich sein. Oder aufgerollt auf der Wickel damit diese geschützt sind gegen Sonnenlicht.

Die Lamellen sollten nur horizontal transportiert werden, durch min. 2 qualifizierten Angestellten.

Kondensation kann stattfinden in die Lamellen.

Die elektrische Installation sollte den gegenwärtigen Standards und Montagevorschriften am Ort entsprechen. Die Installation sollte nur durch einen bestätigten elektrotechnischen Installateur angeschlossen werden. Mögliche Störungen zur Ausrüstung sollten Sie Ihrem Installateur mitteilen. Lassen Sie die Ausrüstung 1x pro Jahr durch Ihren Installateur überprüfen.

1. Inleiding

Deze handleiding beschrijft de montage van het Starline Roldeck.

Lees deze handleiding zorgvuldig. De installateur moet van de inhoud van deze handleiding op de hoogte zijn. Volg de inhoud van de handleiding nauwgezet op.

Verricht de handelingen altijd in de juiste volgorde.

Deze handleiding dient op een veilige, droge en tegen zon beschutte plaats bewaard te worden.

Mocht de handleiding zoekraken bestel dan een nieuw exemplaar.

2. Veiligheidsmaatregelen en waarschuwingen

Volg bij de installatie van de het Starline Roldeck de instructies en richtlijnen zoals omschreven zijn in deze handleiding. Wijzig nooit de volgorde van de te verrichten handelingen.

Indien een of ander niet duidelijk is omtrent montage neem dan contact op met Starline.

Technische wijzigingen voorbehouden, zonder schriftelijke melding.

Alle maataanduidingen zijn in millimeters tenzij anders vermeld.

De montage van het Starline Roldeck dient standaard door gekwalificeerd technisch personeel (minimaal 2 vakbekwame personen) te worden uitgevoerd.

Het toevoegen of weglaten van onderdelen kan een nadelige invloed hebben op het functioneren en veiligheid en wordt dus ten strengste afgeraden!

De fabrikant aanvaardt geen enkele aansprakelijkheid voor schade of letsel veroorzaakt door het niet (strikt) naleven van de veiligheidsvoorschriften en -instructies in deze handleiding, dan wel door onachtzaamheid tijdens installatie van het in dit document vermelde product en de eventueel bijbehorende accessoires.

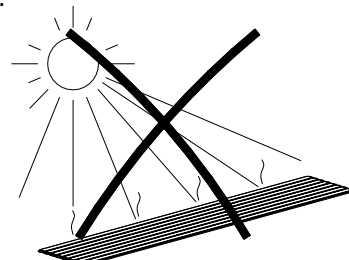

Let op:

Bij lage temperaturen mag men de lamellen niet transporteren, de/monteren, reinigen en vervangen. Bij lage temperaturen zijn de lamellen zeer kwetsbaar.

Transparante, solar en blauwe lamellen niet blootstellen aan direct zonlicht, tenzij liggend op het wateroppervlak.

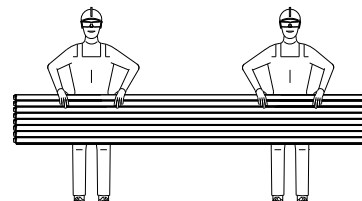

De transparante, solar en blauwe lamellen moeten ten aller tijden op of onder het wateroppervlak liggen of op de opwikkelas gerold zijn, zodat deze tegen zonlicht beschermd wordt.

De lamellen mogen alleen horizontaal getransporteerd worden met minimaal 2 gekwalificeerde werknemers.

Er kan condens in de lamellen ontstaan.

De elektrische installatie moet voldoen aan de huidige normen en plaatselijk geldende installatie- voorschriften. De installatie mag alleen aangesloten worden door een erkend elektrotechnisch installateur.

Eventuele storingen aan de apparatuur dient u te melden aan uw installateur. Laat de apparatuur 1x per jaar door uw installateur controleren.

3. Assembly preparations

3.1 Roller

Check at the start of the activities by means of the component list if all materials and components are present. If not, take direct contact with your supplier.

GB

PLEASE NOTE: The assembly of the roller exists from one of the following 3 situations:

- **SITUATION 1:** In-roller motor cable through the wall
- **SITUATION 2:** In-roller motor retro fit
- **SITUATION 3:** External motor (wall transit)

Specify your situation (see page 12) and go to the chapter in which the assembly of this situation is described.

3.2 Fixed Lid

PLEASE NOTE: The assembly of the fixed lid consist of dimensions < 5000 mm (type 600-750 or 850-1000) or dimensions > 5000 –10000 mm (type 600-750 or 850-1000)

Specify your type (see page 13 / 14) and go to the chapter in which the assembly of this type is described.

D

3. Montagevorbereitung

3.1 Wickelwelle

Überprüfen Sie beim Anfang der Tätigkeiten mittels des Bauteilverzeichnisses ob alle Materialien und Bestandteilen vorhandensein. Wenn nicht, Suchen Sie direkt Kontakt mit Ihrem Lieferanten.

BITTE BEACHTEN: Der Zusammenbau die Wickelwelle besteht von einer der folgenden 3 Situationen:

- **SITUATION 1:** Montage des Rohrmotors Anschluss durch der Beckenwand
- **SITUATION 2:** Montage des Rohrmotors Anschluss entlang der Beckenwand
- **SITUATION 3:** Externer Motor (Wanddurchfahrt)

Vereinbaren Sie Ihre Situation (Siehe Seite 12) und gehen Sie zum Kapitel, in dem der Zusammenbau dieser Situation beschrieben wird.

3.2 Feste Klappe

BITTE BEACHTEN: Der Zusammenbau die Feste Klappe besteht von abmessung < 5000 mm (type 600-750 oder 850-1000) oder abmessung > 5000 –10000 mm (type 600-750 oder 850-1000) Vereinbart Ihre Art (Siehe Seite 13 / 14) und geht zum Kapitel, in dem der Zusammenbau dieser Art beschrieben wird.

NL

3. Montagevoorbereiding

3.1 Opwikkelas

Controleer bij aanvang van de werkzaamheden middels de onderdelenlijst of alle materialen en onderdelen aanwezig zijn. Zo niet, direct contact opnemen met uw leverancier.

LET OP: De montage van de opwikkelas bestaat uit één van de volgende 3 situaties:

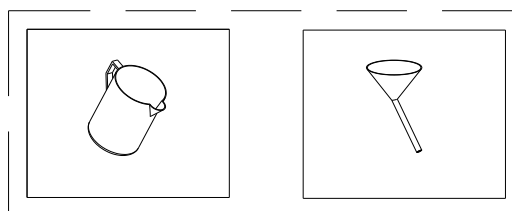

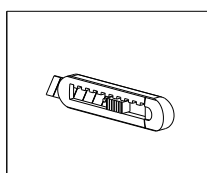

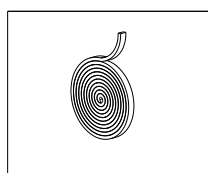

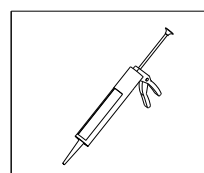

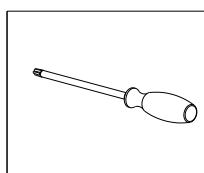

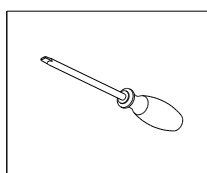

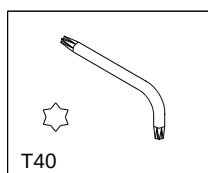

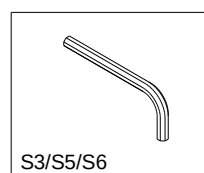

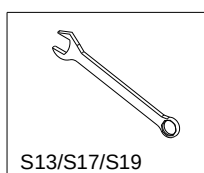

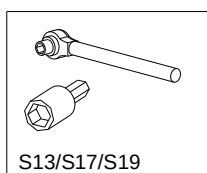

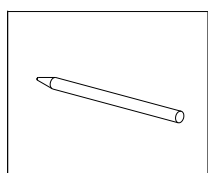

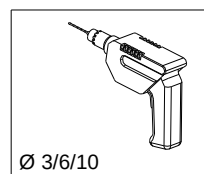

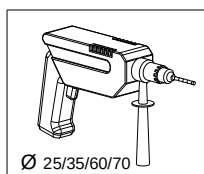

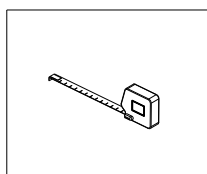

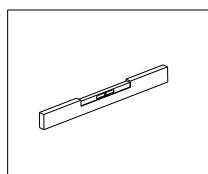

- **SITUATIE 1:** Buismotor kabel door de wand
- **SITUATIE 2:** Buismotor kabel langs de wand
- **SITUATIE 3:** Externe motor (muurdoorvoer)

Bepaal uw situatie (zie pagina 12) en ga naar het hoofdstuk waarin de montage van deze situatie wordt beschreven.

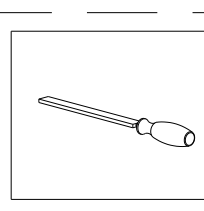

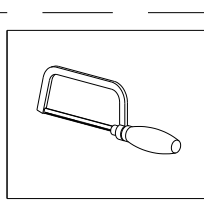

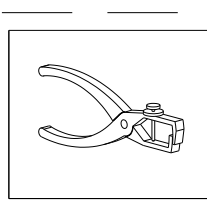

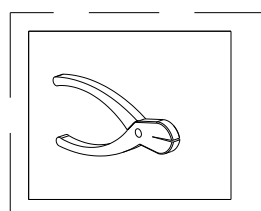

3.2 Vaste klep

LET OP: De montage van de vaste klep bestaat uit afmetingen < 5000 mm (type 600-750 of 850-1000) of afmetingen > 5000 – 10000 mm (type 600-750 of 850-1000). Bepaal uw type (zie pagina 13 / 14) en ga naar het hoofdstuk waarin de montage van dit type wordt beschreven.
