

Protect
and preserve

100% sealed

The inflatable winter cover prevents rain and impurities from flowing into the pool through its unique convex shape, keeping the water clean and clear.

MAX
11,5x5m

+ POINTS

WALU AIR:

- Water stays clear within the winter period
- Thanks to the convex-form of the cover, rainwater, pollution and impurities don't get into the pool
- The opaque sheet (double layers) slows down UV rays and avoids the development algae

Stainless steel strap and spring

Inflator 220V

Stainless steel pop-up anchors with bushing

Options
